ITS Berkeley Director's Letter

ITS Berkeley features a weekly Friday Transportation Seminar Series with leading researchers and practitioners in the transportation field. We will return in January.

Professor and Director of ITS Berkeley
Alexandre Bayen
Go Bears!

Because this issue was an abbreviated one for you and I, I wanted to convey the excitement and enthusiasm that the transportation field is experiencing. So, let me share with you the stories that have been downloaded more than 15,000 times, we continue to advance in

America's top transportation programs. It is difficult to find tech

Disney, Pixar, Apple, Google, Facebook, and others are on the cutting edge of transportation technology. neighboring fields of transportation. Our systems operate seamlessly around the clock, and our results are visible in real-time, not just on our ITS Berkeley related sessions.

Headlines

Transportation Sustainability Research Center's Susan Shaheen talks about rapidly transforming transportation landscape

ITS Co-director Shladover and Research and Development Engineer Christopher Nowakowski earned Best Technical Paper Award for the Americas at the 2015 IITS World Congress in October.
